Dear Mr. Roling:

The Division of Water Resources, Mining Section, intends to terminate the above-referenced NPDES permits. We have received information from the Tennessee Secretary of State that your corporation is inactive-revoked (Administrative) as of August 9, 2014.

On August 14, 2015 this office mailed a letter to your attention regarding your incomplete NPDES renewal applications for Tipple 1 and Tipple 2 and asked that you contact us by September 14, 2015. To date we have had no contact with you regarding your incomplete applications or corporate status.

A public comment period must precede termination and you will be notified at the close of the comment period regarding the Division's action.

If you have any questions concerning this correspondence or if we may be of assistance to you in any way, do not hesitate to contact Dave Turner at (865) 594-5541.

Sincerely,

Gary W. Mullins
